

**Trapzilla® Supercapacity  
Grease Trap System Options**

**HA-400/600 Hanging Assembly**

**Side View**

**Support Base**

**Top View**

Thermaco, Inc. supplies the frame & support base with the HA-400/600. This include four (4) 36" threaded rods and the nuts to connect to a contractor-installed, in-floor suspension mount. This kit needs to be installed by a licensed contractor. The contractor is responsible for determining weight loads, preparation of the floor for installation and any construction necessary for installation of the suspension kit. The SSA-400/600 Support Frame must be ordered separately.
